

# Using ManageBac to Upload to IB eCoursework

For the IB Diploma  
and Career-related Programmes

[managebac.com/may2020](https://managebac.com/may2020)

# Process Workflow

# Key Dates & Coursework Guidance

**Q: Submission Deadlines:** What are the deadlines for upload of materials?

**A:** In order to award a Diploma or certificate, the IB will be requiring all schools to upload all internal assessments (IAs) for every candidate enrolled in the May 2020 session except for the DP and CP core subjects, Language A subjects, Arts subjects and the Global Politics HL Extension Oral. For the DP and CP core subjects, Language A subjects, Arts subjects and the Global Politics HL Extension Oral, samples of IA will need to be submitted for moderation as usual. It is critical that schools start preparing to upload these as soon as possible.

The IB will be advising schools when the system is ready for additional uploads.

**Schools who have already completed their sample uploads:** will now need to prepare all the internal assessments (IAs) for all diploma, course and CP candidates.

**Schools who have not yet completed the uploads:** will need to upload all the internal assessments (IAs) for all diploma, course and CP candidates.

All schools should enter predicted grades.

For concerns regarding any specific subject coursework completion and/or uploading please contact [support@ibo.org](mailto:support@ibo.org)

All student coursework and associated predicted grades will need to be uploaded by **20 April**, if not sooner, in order to guarantee delivery of results by **5 July**.

**Q: Offline Handwritten Coursework:** What should I do if my coursework is handwritten and offline?

**A:** Easily scan handwritten coursework for eCoursework Submission using the ManageBac Mobile App with direct upload into your ManageBac portfolios. Refine scans directly with zoom, rotation and re-ordering, and automatic conversion and compression into PDF.

**Q: Is it required to submit eCoursework exclusively via ManageBac?**

**A:** No. ManageBac portfolio tools are available to IBDP & IBCP schools in order to facilitate eCoursework submission, set internal submission deadlines and communicate with your school community. eCoursework can be uploaded from ManageBac, Google Drive or your Desktop.
