Future Ready Checklist

Use this checklist to self-assess how well your community is prepared for any future shocks.

MB

Task	Unprepared	Prepared	Well-prepared
A school-wide contingency plan and process to address any disruption in learning is documented and accessible.			
Access to existing reliable, robust and consistent digital infrastructure to facilitate planning and delivery of online teaching.			
Access to quality digital content and subject-specific resources.			
Provision for explaining content and extended concepts to IBDP students in an online environment.			
Access to specific online tools/resources/learning management platforms, to facilitate the delivery of the Internal Assessment (IA) and Extended Essay (EE) components in the IBDP.			
A system-wide approach to ensure ongoing professional development in furthering the digital skills and competencies of the IBDP teachers.			
Provision for appropriate differentiated instruction and assessment tools, to facilitate maintaining online individual portfolios of students in the IBDP.			
Provision for online learning platforms and resources that cater for learners with inclusive learning needs.			
Access to student-friendly online instructional aids and assessment tools, to facilitate the planning of collaboration and group work.			
Provision for an online learning environment that supports autonomous learning and student engagement.			
Access to online assessment tools/platforms that support ongoing feedback and formative assessments in the IBDP.			
Access to online assessment tools/platforms that support the IBDP exam paper format in different subjects.			
Measures to ensure the personal autonomy of the teachers as a part of ongoing organisational culture.			
A system-wide approach to address the well-being of students and teachers.			
An organisational plan to address the well-being of the school leaders.			
A system-wide approach to ensure Academic Integrity in all aspects of online learning as a part of ongoing organisational culture.
